At the elementary level, students are exposed to a wide variety of Specialty Classes to enrich their academic studies and engage them in all aspects of learning: spiritually, intellectually, physically, and socially. Each student engages weekly in a variety of Specialty Classes including art, music, world languages, culinary arts, and P.E.

At the middle school and high school level, students are encouraged to choose a Specialty Class that will engage the particular gifts and talents God has given them to become servant leaders who will achieve God's purpose for their lives. Middle school students may choose an elective from a variety of Special Classes, including worship arts, fine arts, creative writing, or linguistics. High school students may also choose from a variety of electives, such as yearbook, media arts, worship arts, fine arts, culinary arts, and American Sign Language.

Based on the gift each one has received, use it to serve others, as good managers of the varied grace of God. If anyone speaks, it should be as one who speaks God's words; if anyone serves, it should be from the strength God provides, so that God may be glorified through Jesus Christ in everything.
